

DURATION
26 Weeks

AUR50216 Diploma of Automotive Technology

This qualification reflects the role of individuals who diagnose, analyse, evaluate, design and modify vehicle systems on various vehicles in the automotive industry.

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.

ENTRY REQUIREMENTS

Entry into this program requires International Students to fulfil requirements as listed below:

- + Satisfactory completion of year 12 or equivalent*
- + Overseas students require a language proficiency of IELTS 5.5 or equivalent*
- + Those undertaking the Diploma of Automotive Technology must have completed an automotive Certificate IV qualification in one of the following disciplines or be able to demonstrate equivalent competency.*
- + AUR40216 Certificate IV in Automotive Mechanical Diagnosis*
- + AUR40816 Certificate IV in Automotive Mechanical Overhauling*
- + International students are required to hold Overseas Student Health Insurance cover for the duration of the course*
- + Students must also hold a current and valid passport, a valid study visa that covers the duration of study for the course.*
- + Mature age students will also be considered without the minimum education requirements but with relevant work experience. A minimum of 5 years' experience would generally be expected.*

DELIVERY MODE

A blended combination face to face simulated/theory instruction, self-directed learning, simulated training, workplace supervised tasks (on the job training and assessment for selected units) and final assessment

EMPLOYMENT PATHWAY

Job roles and titles vary across different industry sectors. Possible job titles relevant to this qualification include:

- + Advanced Diagnostic Technician*

Visit for more information: <http://www.myskills.gov.au/courses/details?Code=AUR50216>

AWARD

To be eligible for the AUR50216 Diploma of Automotive Technology award, learners must complete a total of 12 units, 1 core units 9 electives.

Students who successfully complete this nationally recognised qualification awarded a certificate for AUR50216 Diploma of Automotive Technology

A Statement of Attainment issued for any unit of competency deemed competent if the full qualification completed. Awards generated after successful completion of this course and full payment and a verified USI received

CORE UNITS

- AURAF007 Develop and Document specifications and procedures

ELECTIVE UNITS

- AURAF006 Conduct research and present technical reports
- AURETA004 Analyse and evaluate electrical and electronic faults in convenience and entertainment systems
- AURETE001 Analyse and evaluate electrical and electronic faults in engine management systems
- AURLTB002 Analyse and evaluate faults in light vehicle braking systems
- AURLTD007 Analyse and evaluate faults in light vehicle steering and suspension systems
- AURLTE003 Analyse and evaluate faults in light vehicle engines and fuel systems
- AURLTQ003 Analyse and evaluate faults in light vehicle transmission and driveline systems
- AURTNA001 Estimate and quote automotive vehicle or machinery modifications
- AURTTA021 Diagnose complex system faults
- AURAMA005 Manage complex customer issues in an automotive workplace
- MSMENV472 Implement and monitor environmentally sustainable work practices

DURATION

26 weeks– Includes 2 weeks holiday

Delivery mode

A blended combination face to face simulated/theory instruction, self-directed learning, simulated training, and final assessment

LOCATION

Before the commencement of training, a schedule referred to as the student program guide/training plan will be provided. All training and assessment services will take place on and off the job.

- Theory training: Level 6 68 Grenfell Street Adelaide SA 5000
- Simulated Automotive Workshop: Hamstead Auto Repairs 22 O G Road, Klemzig SA 5087

HOW WILL I BE ASSESSED FOR THIS COURSE?

Allocated timeframes and task requirements reflected in the timetable. Learners provided with instructions for each task. Instructions to the assessor provided to guide the learner

If students have concerns about starting the assessment, they should raise these concerns with the trainer for action before assessing. The trainer will decide if more time is required, and an intervention strategy to support student needs is required. A support plan is implemented by the trainer/assessor as needed.

Source documents for each unit assessment for the learner include:

- Written Assessment (Assessment 1 – Questioning – Written Assessment). Several mainly short answer, fill in the gaps, multiple-choice or true/false type questions
